

## **Consent Form For Usability Testing:**

The purpose of this project is to determine the Usability of two car leasing companies which are Lingscars and Carlease. This is a project being conducted by Aditya R Bhat, Sanjna Srivatsa and Phaneendra Kumar as a part of INFM 605 course requirement at University of Maryland. You are invited to participate in this project because you are

Your participation in this research study is voluntary. You may choose not to participate. If you decide to participate in this research survey, you may withdraw at any time. If you decide not to participate in this study or if you withdraw from participating at any time, you will not be penalized.

The procedure involves a small usability testing by performing 5 tasks and then filling an online post-test survey that will take approximately 5 minutes. Your responses will be confidential and we do not collect identifying information such as your name, email address or IP address. The survey questions will be about the ease of use of these sites.

We will do our best to keep your information confidential. All data is stored in a password protected electronic format. To help protect your confidentiality, the surveys will not contain information that will personally identify you. The results of this study will be used for scholarly purposes only.

If you have any questions about the research study, please contact any one of the Individual mentioned above.
